Subject: DOJ and others

Its like Beta and VHS one wins the other is second and if people wanted other operating systems they will get and use them. AOL is looking for free money to cover their screw-up as well as those lawyers looking to profit from a few that just don't like Microsoft. We all have choices that we can make without those blood sucking lawyers and money loosing .coms looking for a free ride. Thank You from 98% BobSnow, Aberdeen WA.
